

## Living as a Disciple of Christ

This lesson reminds children that they are called to live their faith in the world. Catechists can help children gain an appreciation for the fact that people live in various cultural and economic circumstances. Children should be taught to treat these differences with respect but also stand up for any injustices that they see.

### Becoming Disciples at Home:

**1**

#### PARENTS

Remind your child the character of a person is embodied in the way they interact with others

**2**

#### CHILD

Think about ways you can be kind to others and demonstrate love and respect

**3**

#### FAMILY

Talk about how our actions show others respect and how this is also our response to love God

#### Lesson Themes in Class

##### The Story of Creation

We learn about the story of creation

##### How we live

We learn that we need to respect others and nature

##### Activities

We learn the importance of treating others with dignity
