Read Exodus 19-24. It describes the Covenant created on Mt. Sinai by God with His people.

There is a difference between a **contract** (breakable, exchange of goods) and a **covenant** (permanent, exchange between persons).

Create a fictitious contract with terms and conditions that is like the covenant Moses brought down the mountain from God.
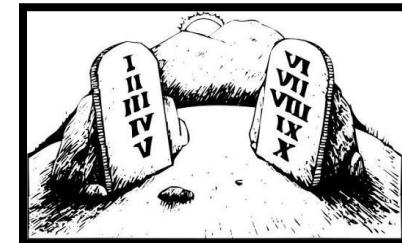

Even as some people of Israel were faithful to God, many people were unfaithful and broke their Covenant. However, God was always faithful to His people. In the bullet points to the right,, list ways people in today's culture are both faithful and unfaithful to God.
