

Holy Eucharist Bingo

Directions: Students play regular bingo, but they answer questions about the Holy Eucharist. The teacher asks one student at a time a question from the list below. The student answers the question and the class looks for the word(s) on their bingo card. The first student who gets five in a row (up, down, across, or diagonal) on their bingo card first, wins. You can play in teams or individually. **(The teacher can give the students some hints to help them answer the questions correctly if needed.)**
